SECTION I: DEFINITIONS

1. **Golf Club Member:** For the purposes of this handbook, annual green fee payers will be called Members. Members are eligible individuals or families that pay advance annual green fees instead of paying daily greens fees. Benefits of membership include the privilege of reserved starting times; handicaps, and participation in club sponsored events.

2. **Non-Member:** Authorized players that are not eligible to become a Golf Club member or any eligible user that chooses to pay greens fees on a daily basis instead of annually.

3. **Family Member:** Includes the spouse of a sponsor; a sponsor's unmarried children who have not passed their twenty-first birthday; a sponsor's unmarried children who are dependent on the sponsor because of a mental or physical incapacity; a sponsor's children who are full-time college students and have not passed their twenty-third birthday; a sponsor's parent or parent-in-law who is in fact dependent on the sponsor for half of their support and resides in the sponsor's household.

SECTION II: CODE OF CONDUCT

1. Use of the Golf Club and its facilities is a privilege extended to all patrons. It is the responsibility of every patron to abide by all the rules, regulations, signs and verbal instructions that govern play on the course and use of the facilities. Failure to comply with the rules and regulations, or follow instructions of the Staff, can lead to an interference with the enjoyment of others or damage to the facilities. It is also the responsibility of each patron to correct or report those who fail to adhere to the rules and regulations. Those who do not comply with the rules, regulations and proper etiquette will be subject to disciplinary action recommended by management and the golf advisory committee and approved by the Squadron Director as follows:

- a. **First offense:** Minimum of verbal warning.
(Note: If infraction includes failure to pay green or cart fees, appropriate payment will be made immediately.)
- b. **Second offense within 1 year:** Minimum of written reprimand.

- c. Third offense within 1 year: Minimum of 30-day suspension of golfing privileges.
- d. Fourth offense within 1 year: Minimum of 90-day suspension of golfing privileges.

2. Upon request, players must show proof of membership, registration, guest registration or picture identification to the Professional, the Staff, the Starter or the Course Marshal. Any player refusing to show proof or identification will be summarily requested to leave the Golf Club by any of the above officials and the incident may be reported to the Military Police.

3. The privileges of any individual to participate in MWR activities may be suspended, terminated, or denied if the Squadron Director determines it to be in the best interest of the activity, the installation, or the Army. Any individual or party whose conduct disrupts the operation of the facility or creates a disturbance to the detriment of the operation, staff or enjoyment of other patrons of the facility, will be requested to leave the facility immediately and as determined by the Squadron Commander, will be subject to administrative action.

SECTION III: GOLF CLUB ELIGIBILITY

All personnel determined to be eligible may use the Golf Club on a daily green fee basis. The order of play for golfers on the Tee Time Standby List is on a first-come first-served basis. Members are required to show FSH golf membership card at the pro shop counter each visit. Failure to do so, will result in a daily green fee charge.

SECTION IV: Golf Club Membership

There are several payment methods available for Annual Green Fee dues. The Membership is not a monthly fee, it's an annual fee.

1. The preferred method of payment is the MWR credit card, which is obtained through the Golf Club office. The Annual Fee is billed monthly, using this method. Like any other credit card, there are penalties and interest assessed for late payment.

2. Patrons may pay the Annual Fee with their own credit card or cash or check. The Annual Fee will be paid for the entire year up front and is non-refundable, in these cases.

3. The fee is an Annual Membership. If a patron decides to stop their membership they must remain out for one year from the date they dropped or pay the back dues for those months to be reinstated.

4. Members are solely responsible for keeping their Annual Fee payment current. Should payment be discontinued or stopped for any reason back dues must be paid in its entirety to be reinstated.

5. Members are solely responsible for notifying the office immediately upon change of status, i.e., promotion or retirement. Full back dues will be assessed for those changes, especially rank, not reported to the office immediately.

6. Failure to comply with the above Annual dues payment will result in loss of membership privileges until full back dues payment has been made.

7. Active Duty, with TDY orders, may pay upfront, for only the months they are stationed at Fort Sam Houston for duty.

SECTION V: MINOR FAMILY MEMBERS

Children under age 10 will be permitted on the Golf Course. An adult will accompany these junior golfers at all times. Young adults (age 11-15) can play without adult supervision with permission from the manager. A valid driver's license is required to rent and/or operate a rental golf cart. Any player under the age of 18 is considered a junior golfer.

SECTION VI: RESIGNATIONS

Resignations must be made in person in writing at the Golf Club office. Resigning patrons must turn in their advance green fee player's membership card and sign Fort Sam Houston Form 464. Billing of Annual Fee will continue until all of the above is complete.

Again, the resignation must be in writing to stop the billing. The patron is responsible for full payment of dues until proper resignation in writing.

SECTION VII: REINSTATEMENT OF MEMBERSHIP

Upon relinquishment of membership, members must either remain out one year or may be reinstated before the one year if back payment is made in full on all back dues from the month patron dropped out to present.

SECTION VIII: TDY AND SERIOUS ILLNESS

Active duty on Temporary Duty (TDY) or an advance green fee payer with serious illness, unable to play for 90 days or more, may request exception to paying advance annual green fees on an individual basis with proper documentation, i.e. TDY orders or doctor's orders.

SECTION IX: HANDICAPS

A computerized handicap system is available.

SECTION X: DAILY GREEN FEE AND OTHER ESTABLISHED FEES

Daily green fees and all other established fees must be paid before the start of play. A cash register receipt will be issued upon payment of the required fees. This receipt must be presented to the starter before playing and must be presented upon request at any time during play. Regardless of how many strokes are taken, players striking a ball on the course are deemed to be playing "a round of golf" and are therefore required to pay green fees consistent with their user status. Likewise, riding in a cart on any portion of a hole requires payment of a full cart rental fee. Loaning of private carts is prohibited without permission of management. All personnel must show their identification card when paying daily fees. Failure to pay proper fees may result in suspension of playing privileges immediately and into the future.

SECTION XI: GUESTS

The POC of an event is considered the sponsor of the event and is responsible for the actions and or damages caused by any and all of the guests or participants.

SECTION XII: GOLF CART OPERATION

1. No one under the age of 18 without a valid driver's license is permitted to rent or operate a golf cart. This rule also applies to privately owned golf carts.
2. A non-playing passenger/spectator in a cart is required to pay the appropriate regular fee.
3. Cart rentals are for 9 or 18 holes. Carts rented for 9 or 18 holes must be returned after 9 or 18 holes are played or rental must be paid before any additional holes are played.
4. Unless carts are restricted to cart paths, the 90-degree rule is in effect. Golfers are required to keep carts on the cart path until they are even with a golf ball in the fairway. Only then should the cart leave the path, turning sharply (90 degrees) to drive straight across to the golf ball.

5. When carts are restricted to paths due to inclement weather, such restriction applies to all players, including those with special needs.

6. At no time will a golf cart transport more than two people and/or two bags.

8. All players are required to share a cart, whether playing 9 or 18 holes regardless if the player is a smoker or non-smoker. A shared cart is defined as 2 persons occupying a single cart.

9. Any player preferring not to share a cart will be required to pay a full 2-person rental fee.

10. All cart rental fees are based on a shared cart. The shared cart policy applies to gaggles and tournaments as well.

11. Carts rented for play during twilight green fee rates will not be issued/rented until the time twilight green fee rates begin and are paid.

12. If a starter cannot locate a player to pair with a single golfer to share the rental fee, the starter may allow the cart to be used by a single player at the Shared Rental Cart fee.

13. Private carts may not be driven or transported on to the premises. Authorized private cart owners must pay a trail fee and their passenger must pay a regular cart fee. Only golf club members may store a private cart on the premises. Co-ownership is not permitted.

SECTION XIII: PULL CARTS AND MOTORIZED CADDIES

Pull carts and motorized caddies will be kept off the green and the green apron, and parked at least 40 yards from the green. Do not pull carts between a bunker and the adjacent putting green.

SECTION XIV: GOLF BAGS

All players must have their own golf bag and clubs. Clubs may be rented in the pro shop. Golf bags will not be laid or stood on the green or on the green apron.

2. Tee times are drawn in order of priority category by lottery using an Automated Tee Time Reservation System. Only members may telephone the Automated Tee Time Reservation System to register for the lottery and receive assigned Tee Time. The deadline for applying for a tee time is two days prior to the requested date at 10 a.m. The telephone numbers for the Automated Tee Time Reservation System are 221-3974 or 221-5437.

3. After the times have been assigned using the Automated Tee Time Reservation Lottery, eligible patrons may call the Pro Shop and request any open tee times within two days of the desired play date. Single players may not reserve a tee time.

4. A standby list consists of players who do not have a tee time.

- a. Priority of play for individuals on the standby list is on a first-come/first-served basis.

b. The Starter will maintain the standby list and integrate players onto the course at the appropriate time, teaming single players and twosomes from the standby list whenever possible to form a starting group. Players not on the standby list will not be allowed to fill in. The standby list may also be used to replace players with forfeited times.

c. If a group on the standby list is called and not all the players are present, they will go to the bottom of the list.

d. Normally, no group will be allowed to play with less than four players if there is a standby list.

e. All players (members, daily green fee players and guests) must register in the Pro Shop and with the Starter and must show fee receipt before starting. Those paying green fees must show their Identification Card each time. Players who cannot provide a military identification card will pay the fees established for civilian personnel.

f. Limitations

- 1) Falsely using the name of an active duty member to obtain a tee time is grounds for suspension.
- 2) A group of two members is necessary to apply for tee time.
- 3) Players must check in with the Starter 15 minutes prior to play or the tee time is forfeited, without exception.
- 4) Cancellations must be made 15 minutes prior to the tee time. Players failing to do so will be subject to losing advance tee time privileges for the entire group.
- 5) All Tee time for the Fort Sam Houston Women's Golf Association and Fort Sam Houston Men's Golf Association will be blocked out on the starting time sheet before the form is available for tee time request.

5. Players will start at their assigned tee time and starting hole and play the holes in order as they are printed on the scorecard and may not skip to adjacent holes.

2. Safety is of primary concern. Be certain that players ahead on the course are out of range and have left the area around the green and are approaching the next tee before striking the ball.
