

I WALKED TO AUSTIN

WALKING PROGRAM

Walk 66 miles with us to Austin.

This New Incentive Program is for walkers to complete a journey walking the mileage from Randolph Air Force Base to Austin. Stop off in two cities on your way and track your mileage between each city with your own booklet to see where you are on the journey to Austin. Once you walk the distance between cities you need a Fitness Center staff member to initial your tracking card. New Braunfels is the first stop and is 22 miles away. The second stop is San Marcos TX, which is 17 miles from New Braunfels. And the last stop is Austin, 27 miles from San Marcos.

Once you have completed your 66-MILE WALKING JOURNEY TO AUSTIN you will turn in your tracking booklet to the front desk staff to receive a t-shirt.

Start walking today!

See the front desk staff for more details.
